Now Through June 30 Riverside Public Utilities Energy Customers Can Get \$100 Rebate for Energy Star TV Purchases

Riverside, Calif. – Just in time for the holiday purchasing swing, or the after holiday sales, Riverside Public Utilities is offering its electric customers the chance to receive a \$100 rebate on the purchase of energy-efficient Energy Star rated televisions.

From now until June 30, 2013, RPU residential and commercial electric customers can apply to receive a \$100 rebate for each purchase of a qualified Energy Star rated LED, LCD, or Plasma television, 32 inches or larger. In addition to the great rebate, RPU customers will benefit from reduced electric usage, as TVs with the Energy Star rating use less energy while operating and in standby modes than older televisions do.

For complete program details, or to download an Energy Star TV rebate application form, visit GreenRiverside.com or call RPU at (951) 826-5485.

###

Established in 1895, Riverside Public Utilities is a consumer-owned water and electric utility governed by a board of nine community volunteers that provides high quality, reliable services to over 106,000 metered electric customers and up to 64,000 metered water customers throughout the City of Riverside. The Utility is committed to increased use of renewable energy resources and sustainable living practices that help reduce environmental impacts within the City of Riverside and the state of California.
